

Enabling Alerts in My NuArx Portal- Steps

Step 1: Log into MyNuArx portal at: my.nuarxinc.com

Step 2: In upper right corner, either: a) click on your user name then click 'Profile', or b) click bell icon then click the Settings cogwheel icon.

Step 3: On the new Profile Manager browser tab that opens, click on the 'Settings' tab on top

Step 4: Under Settings, click 'Notifications/Alerts' tab on left. This opens up the table for enabling certain notifications + alerts via email or text/SMS.

Step 5: Click the slidebars to enable/disable certain alerts. You can also click the 'All' row in the table to enable all Email and/or all Text alerts.

NOTE: If you enable any text alerts, you will get an initial opt-out disclaimer text message (if you have valid phone # set up in your Profile settings)
